## STORY THUS FAR

A long, long time ago, Son Goku left on a journey in search of the legendary Dragon Balls—a set of seven balls that would summon the dragon Shenlong who can grant any wish. After his great adventure, he collected them all. Later, he became the apprentice of Kame-Sen'nin, fought a number of vicious enemies, defeated the great Majin Boo, and restored peace on earth. Some time has passed, and after Goku achieves Ultra Instinct, he continues training on Beerus's planet along with Vegeta, Broly, and Broly's companions. Meanwhile, back on Earth, Piccolo is hoping to foil the revived Red Ribbon Army's plot for world domination. First, he asks Shenlong to unlock his latent potential, and then he engineers a fake kidnapping of Pan in order to force Son Gohan to awaken to his own power. Gohan takes the bait and ends up joining with Piccolo to battle Gammas #1 and #2, who are brought down by Piccolo's new orange form. However, Commander Magenta manages to activate Cell Max, which seems to spell doom for all!! Now, the fighters have got reinforcements in the form of Saiyaman X-1 and X-2!!
